Consent Agenda

Old Business Hill St Landfill update: Corrective Action Design report was submitted to DEP on 3/27/15. Still a waiting their approval at this time

New Business

Ali project: Diane had concerns regarding the material which is a crushed wallboard containing gypsum material (which is banned at many landfills) as being hazardous. She wants to know the safety process. Chairman Corr said it was a cement mixture. Diane said it is coming to us as dust material and they will be manufacturing the Re-Crete product on site. We are putting together a letter to DEP to address all issues and concerns of dust at the landfill, the Board suggests they closely monitor for dust particles or be done in a sealed enclosure. What also needs to be addressed is the noise pollution and make sure trucks are washed before leaving the loading site and landfill. Chairman Corr feels they should not be even using Union Street, the road is not in shape to handle the traffic and the people of Union St should not be affected by a landfill they have no responsibility for and the DEP should look into going thru Attleboro.

Hazardous Waste Day is scheduled for Saturday, May 9, 2015 between 9:00am to Noon

The Board discussed the reorganization for the next fiscal year. Beginning in July, Robert Medeiros will become the Chairman, Diane Battistello, Vice Chairman and Steven Corr the Clerk.

All minutes will be digitally recorded and kept on file. All minutes will be reviewed at the next meeting and any changes will be made at that time.
