Minutes from the _____

Meeting Motions / Actions and Summary of Discussions:

Committee attended the Selectboard meeting to provide an update on the Town Hall / Community Center Site Selection Study. D. O'Brien provided the Board with an update on the Study with a goal of bringing 3-5 sites to the Board on March 5th for review with a decision by the Board by March 19th. Goal is to identify a site, or sites, for a new Town Hall and Community Center and to bring it to May 2020 Town Meeting.

The Board asked a number of questions including: if the Study is looking at both public and private parcels; if operational costs will be considered; and if pros and cons for each parcel will be provided. D. O'Brien asked the Board to provide their questions in writing to the Committee so they can be addressed / incorporated into the Study.
