Deputy Chief

REGISTRATION OF COMPETENT OPERATOR FIRE ALARM CONTROL PANELS

DATE: _____

ALARM COMPANY NAME: _____

ADDRESS: _____

BUSINESS PHONE: _____

EMERGENCY PHONE: _____

FAX NUMBER: _____

RESTRICTIONS: _____

APPROVED BY: _____ NFD # _____

TO OPERATORS: You must have authority contained in this registration to operate the fire alarm control panel in the town. Before opening the panel, you must call the communication center at 508-285-5380 to request permission to disable a zone, etc. You are not permitted to open or operate the master box unless approved on a case-by-case basis. You must inform the building occupants of any disconnect that may hamper life safety so they are aware that the fire department must be called by 911. Before restoring any zones, you must call the communications center to advise that zones are going back on line. You are responsible for securing the system and communicating its status.

I have read and understand the requirements contained within.
