

BOARD OF WATER/SEWER COMMISSIONERS
166 John Scott Blvd., Norton MA 02766
Tuesday October 23, 2018

RECEIVED
NORTON TOWN CLERK

2018 NOV 15 A 8:47

6:30pm Meeting called to order. Commissioners Luke Grant, Scott Ollerhead, Steve Bishop, Bernie Marshall and Fran Yanuskiewicz. Mark Abrahams

Call to order:

The Board asked Mr. Abrahams opinion on the issue of indirect costs associated to the Water/Sewer Enterprise accounts. The discussion ended with the Boards better understanding on how the costs are calculated. The Board also asked Mr. Abrahams if he would submit a quotation to look at water rates, and to see if adjustment may need to be done, considering payment for the Treatment Facility is on the horizon.

Weston & Sampson Updates:

Fran Yanuskiewicz gave an update on the Treatment Facility. The contractor is working on concrete work that will pave the way for the masonry work to begin in early December. The directional drill was a major success. Mr. Yanuskiewicz also spoke of the Town Sewer Article, that pertained to the easement agreements that would need to be in place between the Sewer Board, and the Norton Housing Authority. There was also a conversation pertaining to the Memorandum of Understanding between the Housing Authority and the Commission. The draft of which will be furnished by the Housing Authorities Attorney in short time.

Superintendent's Update:

Bernie Marshall reported that there had been no dialogue between the Housing Authority and himself, with 2 messages left. Mr. Marshall reported that the Fall Flushing Program was running smoothly, with very few customer complaints, as opposed to years past. The Lead and Copper Sampling Program was to kick off the week of October 29th. Gravity Construction's first set of samples came back with confirmed coliform counts, and a re-chlorination was set up. Marshall also contacted Wheaton College, as there have been numerous clogs at the Center Pump Station, because of inappropriate items being flushed by the students.

All appropriately processed bills were signed.

Next meeting: November 14, 2018 6:30 PM.

Meeting adjourned 8:30 pm.

BOARD OF WATER/SEWER COMMISSIONERS
ACCEPTED AND APPROVED MINUTES FOR THE

BOARD MEETING HELD: Tuesday October 23, 2018

Respectfully submitted,

Debbie Marshall
