Select Board member Michael Toole asked Water/Sewer Superintendent Frank Fournier to give an update about what's going on at the Water/Sewer Department. Superintendent Frank Fournier mentioned that in late November one sample location exceeded the Long Running Annual Average of 80 ppb (parts per billion). The samples taken at this location averaged to a total of 82 ppb. Because of the exceedance, Mass DEP requires a public notification to be sent to all residents; however, it is to be noted that this is not an emergency and nothing needs to be done on the homeowner's side.

### **III. Adjournment**

**Motion was made by Commissioner James Jardin to adjourn the joint meeting at 7:37pm. Seconded by Commissioner Steven Bishop. Vote: Commissioner Jardin – Aye; Commissioner Bishop – Aye. MOTION PASSES UNANIMOUSLY.**
