- I. Call to Order- 7:12 PM
- II. Acceptance of December 18, 2017 Minutes approved.

III.

- A. Looked at Beta's plans for the project. Maps are available if anyone wants to look at them. Question for Beta – any abutter problems, are there any foreseeable problems. We have already communicated to Beta that the surface on the extension trail is not what we want for our portion of the trail. Beta takes care of the report to the town.
- B. Letter will be sent to State Reps – Senator Feeney, Representative Barrows, Representative Howitt – Kennedy just FYI. By email and regular mail. SRRPED already has a copy. Several people will attend a conversation with Senator Feeney at Bliss in Attleboro, 5-6 on March 3rd.
- C. Trail Naming Contest.
Logistics – send info to schools – check with superintendent. Emphasize natural history and native American history, railroad heritage, and Norton town history of the area. Kathy E-Z will do a flier. Will also be on Facebook. Say we are looking for suggestions – individual or group suggestions. Ideas in by May 28th.
- D. Complete Streets – walking, biking, vehicle transportation more accessible and safer – bike lanes, sidewalks. Have sent surveys to the schools. Reviewed at a meeting. Developing a list of areas that need improvement to send to MASS DOT. Headed by town planner. Submit input – take a picture of an area and put on map. Or a Google form. Look at link Denny sent. Also look on Town Planner Facebook page.

Are there areas near the trail that need sidewalks or bike lanes? LGN is one area. Cobb Street, Reservoir Street. This would give access to the rail trail for lots of kids.

Denny will post pictures on the map on line.
