Warrant Articles for Town Meeting--Selectman Chair, Ken Zaroni

Walter Lindberg handed out the Special Town Meeting Articles and Selectmen's Articles for Town Meeting.

Article 3--so far they have nothing to do dealing with this Article but it was put in as a just-in-case.

Article 4--this is for budgets that may need a transfer of funds to finish the year out. The library should probably use Article 4 for their Special Town Meeting Proposal.

Article 5--is generic every year.

Article 6--they will have numbers for us on Thursday.

Article 10--FY94 appropriation, department request, manager request, FinCom recommendation listings. Put sideways on sheet. Discussion revolved around how many years should be put on the sheet. Tim Phelan remarked that going back too far may show times that are not relevant to these times on budget --tighter budget years. Jack Nicolas made a motion to go cross-wise FY92 appropriation, FY93 appropriation, FY94 expense, FY95 Manager recommendation, and FY95 FinCom recommendation. Seconded by Michael Fiore. Vote: unanimous.

Article 11--Capital Improvements--they are eliminating items that have not been accepted by the Capital Improvements Commission. The following are the items to be eliminated: Election Registration, Municipal Building (HVAC), Fire Department (Pumper), Fire Department (Brush Vehicle), and Dog Officer (Van). Added to the list was Municipal Handicap Access for \$6,000. The Article will list only the items that have been approved by the Capital Improvements Committee.

Article 12--Capital Improvements Committee approved for computers. Five computers and 3 printers.

Article 13--Street Sweeper Lease--agreed to by Capital Improvements Committee.

Article 16--requested by Highway Department.

Article 18--\$25,000 for underground tank removal, this was also approved by Capital Improvements Committee. (2 large tanks.)

Article 19--to put money into Stabilization Fund.

Article 20--to put money into Capital Improvements Fund.

Article 22--nothing has been approved so it will die a slow death.

Article 23--job classifications for non-union positions. Human Services Director--this is a staff position. There is an open union position that they don't think should be funded right now (Council on Aging).

Article 24--Salary plan which goes along with position plan. Selectmen wanted and voted to add Human Services Director with a salary range of \$25,000-\$32,000.

Article 25--not prepared for this Article. They are not going to have anything prepared for Town Meeting.

Article 26--wording change to make it generic.

Article 27--Board of Selectmen voted not to pursue this Article.

Article 30--re-organization plan to merge Cemetery Department with Highway Department. Paul Helmreich suggested they put this Article before Article 10 just in case it is voted down. This Article is not voted on with any monetary attachments.

Special Town Meeting Articles

Article 1--non-union salary issues: Selectmen, Town Accountant, and Library salary--they are anticipating some agreement for salary changes. Fire Department salaries, Chief gets a raise due to the highest officer salary.

Article 3--change Town Charter to elect FinCom committee members. If FinCom takes out the words "management" from its Article then they would drop this Article.

Article 4--transfer available funds to extend water mains on a couple of streets. It will probably cost \$400,000-\$500,000 to do this. Approximately 60 people or so would be affected by this.

This allows for 5% raises in total salary budget for this year. \$10,531 less than proposed by Library committee. He is not cutting amount for books even though they could. Still enough to provide certification. There have been only 2 positions that gave a higher than 5% raises Human Services Director and Highway Superintendent which have significant job function changes. Paul Helmreich moved the figure \$154,505 to include the up-graded position from Circulation Librarian to Staff Librarian but leaves 5% raises for everyone else. Seconded by Tom Deluca. Paul Helmreich moved \$1,200 for line item 294-510. Seconded by Donna Summerfield. Paul's argument was that this person is a professional and this would be a stipend for his services as Tree Warden. His duties by statute must be done by the Tree Warden and not the Highway department. This would not put him on salary. Bill Gouveia suggested putting on the expense side of budget. Vote: 2 in favor (Jackie Desrochers and Paul Helmreich) and 6 oppose (Donna Summerfield, Michael Fiore, Bill Gouveia, Tim Phelan, Tom Deluca, and Jack Nicolas).
