Attendance: Pat MacLeod, Michele Simoneaux and her friend Richard, Joan Guerrero, Nancy Durfee of SRPEDD and Conservation Agent Jennifer Carlino.

Meeting started at 6:30pm.

Our sections to finish for OSRP

Michele- NHESP letter from last plan, 3-mile designation Michele will send the NHESP letter on Friday and complete the remaining articles for the next meeting. With the exception of the chapter 61 land because we'll need to see if any specific parcels are identified in the open space survey.

Pat- Brona Simon letter, Manomet letter, wild backyards program Pat will complete the article on the wild backyards program for the next meeting

Chapter 61 land ranking chart Members reviewed the remaining parcels of chapter 61 land and completed the sections on abutting land, providing water access and historic significance for the ranking sheet. Jennifer already completed the rare species, water resource protection, wetland/floodplain, greater than 10 acres and ACEC sections for the remaining parcels. The parcels can be ranked after the evaluation of the open space survey. Michele will complete the final text for the section.

Review list of potential scout projects

Members reviewed the list of potential scout project ideas for the open space plan. General project ideas were listed. Pat corrected capitalization on the page.
