

Town of Norton RFI Marijuana Retail Establishments

Question:

- 1) **2. Application of Intent - a. Documentation that the entity applying for the Marijuana Retailer license with the CCC is an entity registered to do business in Massachusetts** - what documents do you require for that? We have the Articles of Organization for the business that we filed with the Secretary of the Commonwealth. We also have the Certificate of Good Standing. Are they sufficient?
- 2) **4. Plan for Positive Community Impacts - c. Proposal for community outreach.** Can you give me an idea what you are looking for here? Do you mean in regards to the Community Meetings we would host in order to inform the public about the MRE and to answer questions? Our plan to locally hire employees and vendors? Support of local charities?

Response:

- 1) The documents you mention with question 1 are sufficient.
- 2) In your plan for community outreach you can describe the process you will use for your Community Meetings but more importantly how will you continue outreach to the community in the future to determine needs of the community. We are looking for good corporate partners to be engaged in our community.
