ACCESS TO CARE WHEN YOU NEED IT MOST

✓ 24/7/365 Access to Care
✓ It’s a Fact
✓ It’s Convenient
✓ It’s FREE!

SIMPLE AS 1, 2, 3...

This is a benefit provided by your Employer free with no copay!

It’s more convenient than making an appointment and going to a local doctor or waiting in an emergency room for non-emergency care at high expense!

Everyone has 24/7 Access to a Doctor!
Nationwide service is available, even in Puerto Rico! Spanish language communication is also available! We have a 24/7 in-house call center with bilingual representatives!

The service can be used from your cell phone, tablet, laptop, or PC! You can even download our App “Access a Doctor.”

The only action required to use this benefit is to call the toll-free number below so a CARE Coordinator and activate your account!

It cannot be stressed enough that this totally free to you and there is no co-pay required!

There is a link to the easy to use Member Portal below where you can complete setup of your account after activation.

Once activated, if you need to use the service, follow these steps...

1. CONNECT - Call 1-800-611-5601 or login at your member health portal, https://portal.MyTeleMedicine.com and schedule a consultation with a physician licensed in your state. If you’re a first time user, you can setup your account here: https://portal.MyTeleMedicine.com/go/dashboard/register or simply call in.

2. TRIAGE – Initially when you call, you’ll speak to a CARE Coordinator who will do triage with you and update your electronic health records, along with all symptoms, as appropriate. This is so the doctor you will speak to shortly thereafter will have the initial information needed to better evaluate your need.

3. CONSULT – After this initial contact, the physician will call you back in under 2 hours (average is 19 minutes) to discuss your symptoms with you, then recommend a treatment plan, and if a prescription is necessary, send it in to the pharmacy of your choice.

COMMON CONDITIONS

In many cases, a visit to the Doctor’s office, urgent care clinic, or emergency room can be avoided. This saves you significant time and money. Physicians can treat a growing list of common conditions.

MyTeleMedicine does not replace your primary care physician. The goal is to provide you with convenient, affordable healthcare, when you NEED it most.
