

TOWN OF NORTON

WARRANT FOR THE ANNUAL TOWN MEETING
WITH FINANCE COMMITTEE RECOMMENDATIONS

MONDAY, OCTOBER 15, 2007

**TOWN OF NORTON
WARRANT FOR THE ANNUAL TOWN MEETING
MONDAY, OCTOBER 15, 2007**

To Dale Clark, or either of the Constables of the Town of Norton:

GREETINGS:

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify and warn the inhabitants of the Town of Norton, qualified to vote in Norton affairs, to meet in the Norton High School Gymnasium, 66 West Main Street, in said Norton, on Monday, the 15th day of October, 2007, A.D., at seven o'clock in the evening, then and there to act on the following articles, viz.

ARTICLE 1

To see if the Town will raise and appropriate and/or appropriate and/or transfer from available funds, a sum of money to pay unpaid bills for which obligation was incurred in prior fiscal years, or take any other action relative thereto.

(BOARD OF SELECTMEN)

FINANCE COMMITTEE: Recommended to raise and appropriate the amount of \$2,159.06 for the following:

\$ 50.00	Assessors	Jean Kantelis
\$ 20.95	Fire	Midway Auto Supply
\$ 1,926.11	Sewer	City of Taunton
\$ 162.00	Memorial and Vets	Albert C. Watson

\$ 2,159.06

ARTICLE 2

To see if the Town will raise and appropriate and/or transfer and/or appropriate from available funds a sum of money for the Capital Improvements Fund established by the By-Law entitled "Capital Improvements Fund," from which appropriations may be made by a two-thirds vote at any Town Meeting, and further, to see if the Town will raise and appropriate and/or transfer and/or appropriate from available funds, a sum of money to supplement the Fiscal Year 2008 capital improvements budget appropriated under Article 29 of the May 14, 2007, Annual Town Meeting, or take any other action relative thereto.

(BOARD OF SELECTMEN)

FINANCE COMMITTEE: No action. The Capital Improvements Committee had not completed its review of capital expenditure requests at the time this material went to print. The Finance Committee will present its recommendations at the time of Town Meeting. Unlike previous years, there is no money available this year to augment the Capital Improvements Account.

ARTICLE 3

To see if the Town will raise and appropriate and/or transfer and/or appropriate from available funds a sum of money to supplement the Fiscal Year 2008 operating budget appropriated under Article 31 of the May 14, 2007, Annual Town Meeting, or otherwise amend said vote, or take any other action relative thereto.

(BOARD OF SELECTMEN)

FINANCE COMMITTEE: Recommended to amend the vote taken under Article 31 of the May 14, 2007, Annual Town Meeting Warrant by increasing appropriations for certain line items and transferring others and to do so, by raising and appropriating the additional amount of \$25,954.00, by transferring the amount of \$2,000.00 from the Tree Warden Expense Account to the Tree Warden Salary Account, and by transferring the amount of \$37,000.00 from the Data Processing Salary Account to the Data Processing Expense Account as follows:

Account	Department	Use	Amount
1-131-570	Finance Committee	Expense	\$ 300.00
1-135-570	Accounting	Expense	\$ 1,500.00
1-141-510	Assessors	Wage Expense	\$ 100.00
1-161-510	Town Clerk	Wage Expense	\$ 3,378.00
1-161-511	Town Clerk	Wage Expense	\$ 100.00
1-192-570	Municipal Building	Expense	\$ 1,500.00
1-290-510	Communications	Wage Expense	\$ 17,656.00
1-541-570	Council on Aging	Expense	\$ 420.00
1-750-590	Interest	Expense	\$ 1,000.00

TOTAL SUPPLEMENTS: \$ 25,954.00

1-294-570 to 1-294-510	Tree Warden	Transfer Expense to Salary	\$ 2,000.00
1-155-510 to 1-155-570	Data Processing	Transfer Salary to Expense	\$ 37,000.00

TOTAL TRANSFERS: \$ 39,000.00

ARTICLE 4

To see if the Town will raise and appropriate and/or transfer and/or appropriate from available funds the sum of \$75,000.00 to the Reserve Fund to replenish Reserve Funds transferred to Account #36-930-7043-5800 on an emergency basis to address unforeseen structural damage to the Henri A. Yelle Elementary School located at 64 West Main Street caused by water leakage, and for removal of asbestos, and other necessary work, or take any other action relative thereto.

(BOARD OF SELECTMEN)

FINANCE COMMITTEE: Recommended. In August, 2007, the Finance Committee authorized an emergency transfer of one half of its FY08 Reserve Fund to the Yelle School Reconstruction Account. This was necessary because of unforeseen developments involving both beam replacement and asbestos removal. In order to have adequate funds to address new problems as they emerge during the remainder of this fiscal year (to June 30, 2008), replacement of this amount in the Finance Committee Reserve Account is needed.

ARTICLE 5

To see if the Town will transfer a sum of money from the Water Surplus Account for the purpose of funding the completion of the Comprehensive Water Resource Management Plan, or take any other action relative thereto.

(WATER & SEWER COMMISSIONERS)

FINANCE COMMITTEE: Recommended. This study of the groundwater absorbing capacity of town-owned land on Pine Street near the Mansfield Sewage facility is necessary in order for Norton to be able to negotiate with Mansfield regarding future sewage needs for the Town of Norton. This study will complete the Comprehensive Water Resource Management Plan, which has been an on-going project for several years.

ARTICLE 6

To see if the Town will raise and appropriate and/or transfer and/or appropriate from available funds a sum of money to be used by the Board of Selectmen, as needed, to pay legal fees, litigation costs, and related expenses, including but not limited to environmental consultants, to represent the Town of Norton in its efforts to oppose the permitting, design, and construction of a commuter rail line by the M.B.T.A. through the Town of Norton, or take any other action relative thereto.

(BOARD OF SELECTMEN)

FINANCE COMMITTEE: Recommended to transfer the amount of \$30,000.00. Originally, \$50,000.00 was appropriated years ago to fund opposition to the proposed commuter rail line through Norton. Subsequently, the unspent money was transferred into an account to fund the Town's work in connection with the Shpack Hazardous Materials Work Site and the capping of the Attleboro Landfill. This transfer proposal will leave \$14,801.50 available for Landfill purposes and return \$30,000.00 back to an account to fund opposition to the rail project, which has reappeared as an issue after supposedly having been resolved several years ago.

ARTICLE 7

To see if the Town will raise and appropriate, and/or appropriate and/or transfer from available funds a sum of money for the design and permitting of the Lake Winnecunnet Management Project, including but not limited to any related costs, legal services and/or technical assistance for invasive plant management and watershed management, or take any other action relative thereto.

(CONSERVATION COMMISSION)

FINANCE COMMITTEE: Not recommended. At present, there is little to no likelihood that funds to support an annual on-going weed reduction project at Lake Winnecunnet will be available in FY09 or in subsequent years. To undertake a study which we will not be able to implement in the foreseeable future is not recommended. Instead the Committee recommends that these monies, intended for conservation purposes, remain in the Reservoir Dredging Account until they can be utilized to potentially good effect.

ARTICLE 8

To see if the Town will raise and appropriate, and/or appropriate and/or transfer from available funds a sum of money for the design and permitting of a Reservoir Management program, including but not limited to any related costs, legal services and/or technical assistance for invasive plant management, dredging, and watershed management, or take any other action relative thereto.

(CONSERVATION COMMISSION)

FINANCE COMMITTEE: Not recommended. The rationale is the same as for Article 7.

ARTICLE 9

To see if the Town will vote pursuant to Massachusetts General Laws Chapter 82, Section 21, to discontinue that portion of Maple Street and only to the extent that the subject portion of Maple Street may be a public way, as shown on a plan titled "Discontinuance Plan of a Portion of Maple Street in Norton, Massachusetts Prepared for Millwork Realty Trust" dated September 12, 2007, drawn by Yarworth Engineering Company, Inc., and on file in the Office of the Town Clerk, and authorize the Board of Selectmen to release any or all right, title, and interest the Town may hold within said portion of the way as previously laid out, provided, however, that the petitioners have provided releases and indemnification to the Town to the satisfaction of the Board of Selectmen; or take any other action relative thereto.

(PETITION OF MILLWORK REALTY TRUST)

FINANCE COMMITTEE: No action. All of the legal papers necessary for completing this transaction have not been completed in time for the Town to take action at this meeting.

ARTICLE 10

To see if the Town will accept as a public way under the provisions of Massachusetts General Laws Chapter 82, as amended, Fuller Drive, as laid out by the Board of Selectmen and as shown on a plan titled "Burt Farm Estates, Fuller Drive Norton, Massachusetts, As-Built/Acceptance Plan Prepared for: Anthony E. Polillio Jr., Daniel J. Polillio, George D. Polillio & Raymond F. Polillio" dated July 12, 2007, drawn by Yarworth Engineering Co., Inc., and on file in the Office of the Town Clerk; and further, to see if the Town will authorize the Board of Selectmen to acquire by gift, purchase, or eminent domain an easement to use said street for all purposes for which public ways are used in the Town of Norton and associated easements, and to appropriate therefor the sum of One Dollar, or take any other action relative thereto.

(BOARD OF SELECTMEN)

FINANCE COMMITTEE: Recommended.

ARTICLE 11

To see if the Town will amend the Town By-Laws, "Fiscal Town Report", #1, which currently reads as follows:

- "1. The Selectmen shall print the Annual Town Report for the period beginning July 1 and ending the following June 30th of each fiscal year, said report to be completed not later than 90 days after the close of the fiscal year."

By deleting the words, "90 days after the close of the fiscal year," and inserting in place thereof the words, "fourteen (14) days prior to the Spring Annual Town Meeting" so that the By-law will provide as follows:

- "1. The Selectmen shall print the Annual Town Report for the period beginning July 1 and ending the following June 30th of each fiscal year, said report to be completed not later than fourteen (14) days prior to the Spring Annual Town Meeting."

or take any other action relative thereto.

(TOWN MANAGER)

FINANCE COMMITTEE: No action. The Board of Selectmen had not completed its review of this article at the time these recommendations went to print. The Finance Committee will present its recommendations at Town Meeting.

ARTICLE 12

To see if the Town will amend its By-Laws for the purpose of adopting, ratifying, and incorporating therein the following new By-Law, "Illicit Discharges to the Municipal Storm Drain System," or take any other action relative thereto:

Illicit Discharges To The Municipal Storm Drain System

1. Purpose

The purpose of this by-law is to eliminate non-stormwater discharges to the Town of Norton's Municipal Storm Drain System. Non-stormwater discharges contain contaminants and supply additional flows to the Town of Norton's Storm Drain System. Non-stormwater discharges are major causes of:

- a. impairment of water quality and flow in lakes, ponds, streams, rivers, wetlands, and groundwater;
- b. contamination of drinking water supplies;
- c. alteration or destruction of aquatic and wildlife habitat; and
- d. Flooding.

The United States Environmental Protection Agency has identified land disturbance and polluted stormwater as major sources of water pollution. Regulation of illicit connections and discharges to the municipal storm drain system is necessary for the protection of the Town of Norton's water bodies and groundwater, and to safeguard the public health, safety, welfare and the natural resources of the Town.

The objectives of the by-law are:

- a. to prevent pollutants from entering the storm drain;
- b. to prohibit illicit connections and unauthorized discharges to the storm drain;
- c. to remove all such illicit connections;
- d. to comply with state and federal statutes and regulations relating to stormwater discharges; and
- e. to establish the legal authority to ensure compliance with the provisions of this by-law through inspection, monitoring, and enforcement.

2. Definitions

The following definitions shall apply to this by-law:

CLEAN WATER ACT: The Federal Water Pollution Control Act (33 U.S.C. section 1251 et seq.) as hereafter amended.

DISCHARGE OF POLLUTANTS: The addition from any source of any pollutant or combination of pollutants into the municipal storm drain system or into the waters of the United States or Commonwealth from any source.

ILLICIT CONNECTION: Any surface or subsurface drain or conveyance, which allows and illicit discharge into the municipal storm drain system, including without limitation sewage, process wastewater, or wash water and any connections from indoor drains, sinks, or toilets, regardless of whether said connection was previously allowed, permitted or approved before the effective date of this by-law.

ILLICIT DISCHARGE: Direct or indirect discharge to the municipal storm drain system that is not composed entirely of stormwater, except as exempted in Section 8. The term does not include a discharge in compliance with an NPDES Storm Water Discharge Permit or a Surface Water Discharge Permit, or resulting from fire fighting activities exempted pursuant to Section 8, subsection (a), of this by-law.

IMPERVIOUS SURFACE: Any material or structure on or above the ground that prevents water infiltrating the underlying soil. Impervious surface includes without limitation roads, paved parking lots, sidewalks, and rooftops.

MUNICIPAL STORM DRAIN SYSTEM or MUNICIPAL SEPARATE STORM SEWER SYSTEM: The system of conveyances designed or used for collecting or conveying stormwater, including any road with a drainage system, street, gutter, curb, inlet, piped storm drain, pumping facility, retention or detention basin, natural or man-made or altered drainage channel, reservoir, and other drainage structure that together comprise the storm drainage system owned or operated by the Town of Norton.

NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM (NPDES) STORMWATER DISCHARGE PERMIT: A permit issued by United States Environmental Protection Agency or jointly with the State that authorizes the discharge of pollutants to waters of the United States.

NON-STORMWATER DISCHARGE: Discharge to the municipal storm drain system not composed entirely of stormwater.

PERSON: An individual, partnership, association, firm, company, trust, corporation, agency, authority, department or political subdivision of the Commonwealth or the federal government, to the extent permitted by law, and any officer, employee, or agent of such person.

POLLUTANT: Any element or property of sewage, agricultural, industrial or commercial waste, runoff, leachate, heated effluent, or other matter whether originating at a point or non-point source, that is or may be introduced into any sewage treatment works or waters of the Commonwealth. Pollutants shall include without limitation:

- (1) paints, varnishes, and solvents;
- (2) oil and other automotive fluids;
- (3) non-hazardous liquid and solid wastes and yard wastes;
- (4) refuse, rubbish, garbage, litter, or other discarded or abandoned objects, ordnances, accumulations and floatables;
- (5) pesticides, herbicides, and fertilizers;
- (6) hazardous materials and wastes; sewage, fecal coliform and pathogens;
- (7) dissolved and particulate metals;
- (8) animal wastes;
- (9) rock, sand, salt, soils;
- (10) construction wastes and residues; and
- (11) noxious or offensive matter of any kind.

PROCESS WASTEWATER: Water which, during manufacturing or processing, comes into direct contact with or results from the production or use of any materials, intermediate product, finished product, or waste product.

RECHARGE: The process by which groundwater is replenished by precipitation through the percolation of runoff and surface water through the soil.

STORMWATER: Runoff from precipitation or snow melt.

SURFACE WATER DISCHARGE PERMIT: A permit issued by the Department of Environmental Protection (DEP) pursuant to 314 CMR 3.00 that authorizes the discharge of pollutants to waters of the Commonwealth of Massachusetts.

TOXIC OR HAZARDOUS MATERIAL or WASTE: Any material, which because of its quantity, concentration, chemical, corrosive, flammable, reactive, toxic, infectious or radioactive characteristics, either separately or in combination with any substance or substances, constitutes a present or potential threat to human health, safety, welfare, or to the environment. Toxic or hazardous materials include an synthetic organic chemical, petroleum product, heavy metal, radioactive or infectious waste, acid and alkali, and any substance defined as Toxic or Hazardous under G.L. Ch.21C and Ch.21E, and the regulations at 310 CMR 30.000 and 310 CMR 40.0000.

WATERCOURSE: A natural or man-made channel through which water flows or a stream of water, including a river, brook or underground stream.

WATERS OF THE COMMONWEALTH: All waters within the jurisdiction of the Commonwealth, including, without limitation, rivers, streams, lakes, ponds, springs, impoundments, estuaries, wetlands, coastal waters, and groundwater.

WASTEWATER: Any sanitary waste, sludge, or septic tank or cesspool overflow, and water that during manufacturing, cleaning or processing, comes into direct contact with or results from the production or use of any raw materials, intermediate product, finished product, byproduct or waste product.

3. APPLICABILITY

This by-law shall apply to flows entering the municipal storm drainage system.

4. AUTHORITY

This by-law is adopted under the authority granted by the Home Rule Amendment of the Massachusetts Constitution and the Home Rule Procedures Act, and pursuant to the regulations of the Federal Clean Water Act found at 40 CFR 122.34, and the Phase II ruling from the Environmental Protection Agency found in the December 8, 1999, Federal Register.

5. RESPONSIBILITY FOR ADMINISTRATION

The Highway Department shall administer, implement and enforce this by-law.

6. REGULATIONS

The Highway Department may promulgate rules and regulations to effectuate the purposes of this by-law. Failure by the Highway Department to promulgate such rules and regulations shall not have the effect of suspending or invalidating this by-law.

7. PROHIBITED ACTIVITIES

Prohibited activities are as follows:

- a. Illicit Discharges: No person shall dump, discharge, cause or allow to be discharged any pollutant or non-stormwater discharge into the municipal storm drain system, into a watercourse, or into the waters of the Commonwealth.**
- b. Illicit Connections: No person shall construct, use, allow, maintain or continue any illicit connection to the municipal storm drain system, regardless of whether the connection was permissible under applicable law, regulation or custom at the time of connection.**
- c. Obstruction of Municipal Storm Drain System: No person shall obstruct or interfere with the normal flow of stormwater into or out of the municipal storm drain system without prior written approval from the Highway Department.**

8. EXEMPTIONS

Exemptions from the by-law are as follows:

- a. Discharge or flow resulting from fire fighting activities.**
- b. Discharge or flow that results from exigent conditions and occurs during a state of emergency declared by any agency of the Federal or State Government, or by the Norton Town Manager, Board of Selectmen or the Board of Health.**
- c. The following non-stormwater discharges or flows are exempt from the prohibition of non-stormwaters provided that the source is not a significant contributor of a pollutant to the municipal storm drain system:**
 - (1) Waterline flushing;**
 - (2) Flow from potable water sources;**
 - (3) Springs;**
 - (4) Natural flow from riparian habitats and wetlands;**
 - (5) Diverted stream flow;**
 - (6) Rising groundwater;**
 - (7) Uncontaminated groundwater infiltration as defined in 40 CFR 35.2005(20), or uncontaminated pumped groundwater;**
 - (8) Water from exterior foundation drains, footing drains (not including active groundwater dewatering systems), crawl space pumps, or air conditioning condensation;**
 - (9) Discharge from landscape irrigation or lawn watering;**
 - (10) Water from individual residential car washing;**
 - (11) Discharge from dechlorinated swimming pool water (less than one ppm chlorine) provided test data is submitted to the Town substantiating that the pool is drained in such a way as not to cause a nuisance or public safety issue and complies with all applicable Town by-laws;**

- (12) Discharge from street sweeping;
- (13) Dye testing;
- (14) Non-stormwater discharge permitted under an NPDES permit or a Surface Water Discharge Permit, waiver, or waste discharge order administered under the authority of the United States Environmental Protection Agency or the Department of Environmental Protection, provided that the discharge is in full compliance with the requirements of the permit, waiver, or order and applicable laws and regulations; and
- (15) Discharge for which advanced written approval is received from the Conservation Commission and the Highway Department as necessary to protect public health, safety, welfare or the environment.

9. EMERGENCY SUSPENSION OF STORM DRAINAGE SYSTEM ACCESS

The Highway Department may suspend municipal storm drain system access to any person or property without prior written notice when such suspension is necessary to stop an actual or threatened discharge of pollutants that presents imminent risk of harm to the public health, safety, welfare or the environment. In the event any person fails to comply with an emergency suspension order, the Highway Department may take all reasonable steps to prevent or minimize harm to the public health, safety, welfare or the environment.

10. NOTIFICATION OF SPILLS

Notwithstanding other requirements of local, state or federal law, as soon as a person responsible for a facility or operation, or responsible for emergency response for a facility or operation has information of or suspects a release of materials at that facility or operation resulting in or which may result in discharge of pollutants to the municipal drainage system or waters of the Commonwealth, the person shall take all necessary steps to ensure containment, and cleanup of the release. In the event of a release of oil or hazardous materials, the person shall immediately notify the municipal Fire and Police Departments, the Conservation Commission and the Highway Department. In the event of a release of non-hazardous materials, the reporting person shall notify the Conservation Commission and the Highway Department no later than the next business day. The reporting person shall provide to the

Conservation Commission and the Highway Department written confirmation of all telephone, facsimile or in- person notifications within three business days thereafter. If the discharge of prohibited materials is from a commercial or industrial facility, the facility owner or operator of the facility shall retain on- site a written record of the discharge and the actions taken to prevent its recurrence. Such records shall be retained for at least three years.

11. ENFORCEMENT

- A. **Authorized Agents:** The Highway Department, or an authorized agent of the Highway Department, shall enforce this by-law, regulations, orders, violation notices, and enforcement orders, and may pursue all civil and criminal remedies for such violations.
- B. **Civil Relief:** If a person violates the provisions of this by-law, regulations, permit, notice, or order issued thereunder, the Highway Department may seek injunctive relief in a court of competent jurisdiction restraining the person from activities which would create further violations or compelling the person to perform abatement or remediation of the violation.
- C. **Orders:** The Highway Department, or authorized agent of the Highway Department, may issue a written order to enforce the provisions of this by-law or the regulations thereunder, which may include: (a) elimination of illicit connections or discharges to the municipal sewer system; (b) performance of monitoring, analyses, and reporting; (c) that unlawful discharges, practices, or operations shall cease and desist; and (d) remediation of contamination in connection therewith.

If the enforcing person determines that abatement or remediation of contamination is required, the order shall set forth a deadline by which such abatement or remediation must be completed. Said order shall further advise that, should the violator or property owner fail to abate or perform remediation within the specified deadline, the Town of Norton may, at its option, undertake such work, and expenses thereof shall be charged to the violator.

Within thirty (30) days after completing all measures necessary to abate the violation or to perform remediation, the violator and the property owner will be notified of the cost incurred by the Town, including administrative costs. The violator or property owner may file a written protest objecting to the amount or basis of costs with the Highway Department within thirty (30) days of receipt of the

notification of the costs incurred. If the amount due is not received by the expiration of the time in which to file a protest or within thirty (30) days following a decision of the Highway Department affirming or reducing the costs, or from a final decision of a court of competent jurisdiction, the costs shall become a special assessment against the property owner and shall constitute a lien on the owner's property for the amount of said cost. Interest shall begin to accrue on any unpaid costs at the statutory rate provided in G.L. Ch. 59, S. 57 after the thirty-first day at which the costs first become due.

- D. Criminal Penalty: Any person who violates any provision of this by-law, regulation, order or permit issued thereunder, shall be punished by a fine of not more than \$250.00. Each day or part thereof that such violation occurs or continues shall constitute a separate offense.
- E. Non-Criminal Disposition: As an alternative to criminal prosecution or civil action, the Town of Norton may elect to utilize the non-criminal disposition procedure set forth in G.L. Ch. 40, section 21D and the enforcing person shall be the Highway Superintendent or his agent, or such other persons as defined in the General By-laws. The penalty for each violation shall be \$250.00. Each day or part thereof that such violation occurs or continues shall constitute a separate offense.
- F. Entry to Perform Duties Under this By-Law: To the extent permitted by state law, or if authorized by the owner or other party in control of the property, the Highway Department, its agents, officers, and employees may enter upon privately owned property for the purpose of performing their duties under this by-law and regulations and may make or cause to be made such examinations, surveys or sampling as the Highway Department deems reasonably necessary.
- G. Appeals: The decisions or orders of the Highway Department shall be final. Further relief shall be to a court of competent jurisdiction.
- H. Remedies Not Exclusive: The remedies listed in this by-law are not exclusive of any other remedies available under an applicable federal, state, or local law.

12. SEVERABILITY

The provisions of this by-law are hereby declared to be severable. If any provision, paragraph, sentence, or clause, of this by-law or the application thereof to any person, establishment, or circumstances shall be held invalid, such invalidity shall not affect the other provisions or application of this by-law.

13. TRANSITIONAL PROVISIONS

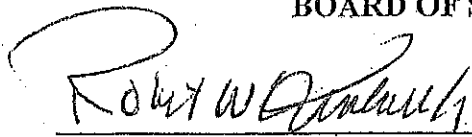

Residential property owners shall have 180 days from the effective date of the by-law to comply with its provisions, or petition the Highway Department for an extension with the reasons for failure to comply and a schedule for compliance.

(BOARD OF SELECTMEN)

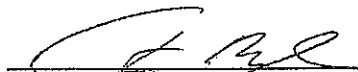

FINANCE COMMITTEE: No action. The Board of Selectmen had not completed its review of this article at the time these recommendations went to print. The Finance Committee will present its recommendations at Town Meeting.

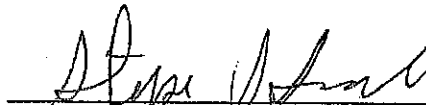

And you are hereby directed to serve this Warrant by posting attested copies of the body of same at Chartley Post Office, Norton Post Office, Trinitarian Church, Unitarian Church, Norton Library, and three (3) other public places within the limits of said Town, seven (7) days at least, before the time of holding said meeting. Hereof, and fail not and make due return of this Warrant with your doings thereon to the Town Clerk at the time and place of holding said meeting. Given under our hands and seals this 14th day of October, in the year Two Thousand Seven.

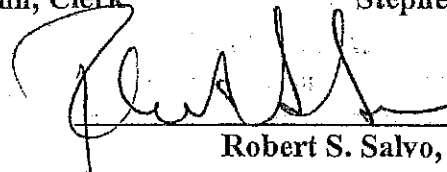

BOARD OF SELECTMEN/TOWN OF NORTON

Robert W. Kimball, Jr., Chair

Mary T. Steele, Vice Chair

Timothy R. Giblin, Clerk

Stephen G. Gradie

Robert S. Salvo, Sr.

Norton, Massachusetts

I have served this Warrant by posting attested copies at Chartley Post Office, Norton Post Office, Trinitarian Church, Unitarian Church, Norton Library, and three (3) other public places within the limits of said Town, seven (7) days at least before the time of holding said meeting.

ATTEST Ronald A. Benaske CONSTABLE _____ DATE 10/5/07
