Engineer Delano came in front of the Board representing his client, Vincent & Mary Gresik of 40 Farm lane. The Greslik's were asking for relief from the 30' Sewer easement for their foundation on the parcel. Commissioner Grant proposed a letter be sent for a 4' overhang for the foundation citing past practice for size of easements.

Mr. Itani asked for relief in Water/Sewer Fees. After a lengthy discussion, it was explained to the developer that a past practice relief of water fees for the affordable portion of the project was proposed by the Board. No Sewer relief of fees was determined. No vote was taken on the issue.
